

We have dreamed of a new kitchen for many years, but feared the cost and inconvenience of such a project. After meeting several times with Jeff Robins and his design staff, we decided that this was the firm that we would go with. The remodeled kitchen thrills us each time that we enter! Not only was everything done with great craftsmanship, professionalism and attention to detail, but it was completed exactly on time and on budget. Jeff promised us Thanksgiving in our new kitchen and it was a promise kept! We highly recommend Jeffco based on our successful remodeling project.

December, 2008

Dear Jeff & Staff,

We just wanted to share with you how thrilled we are with our beautiful new kitchen. We really cannot put into words how much we appreciate all the support, craftsmanship and expertise that you provided during this project. We are very proud of this new addition to our home and will think of you often as we enjoy it in the months & years ahead.

Thank you for the beautiful bowl and generous donation - not necessary, but so appreciated! HAPPY HOLIDAYS AND WONDERFUL 2009!
FONDLY,
JUDY & MICHAEL
